

Executive and Simplicity Frameless Cabinetry Features and Construction Details

Frameless Cabinetry:

- Frameless construction with full overlay doors and drawers.
- Wall cabinets are 12" deep, base cabinets are 24" deep as standard.

Warranty:

- Limited Lifetime Warranty

Cabinet Construction:

- 3/4" CARB 2 birch plywood, or 3/4" low emission particle board, is used for all structural cabinet components except the back, which is a matching fully captured 1/4" panel.
- All Panels are joined using wooden dowel and glue construction method, with screws and biscuit joints where the method is practical, (range hoods, some corner cabinets, face frames).
- Center stiles are standard on wall, base and tall cabinets 39" and wider and will match the door face (edges will match the cabinet interior).
- Mounting rails are dowelled into the back of the cabinet for added stability.
- Finished side panels are 3/4" maple melamine interiors and wood veneer exteriors.

Cabinet Tops and Bottoms:

- 3/4" CARB 2 birch plywood, or 3/4" low emission particle board, doweled and glued into the side panels. No tops on base and vanity cabinets.
- Bottom panels are 3/4" CARB 2 birch plywood, or 3/4" low emission particle board

Shelf Construction:

- Shelves are 3/4" and match the cabinet interior on top and bottom surfaces and front edge banded edge. They are adjustable every 32mm using 5mm metal pin system.
- Wall and Tall cabinets have full depth adjustable shelves.
- Base and vanity cabinets have a 14 7/8" deep adjustable shelves.

Drawer Construction:

- Drawer front, back and sides are 5/8" solid birch. Drawer bottom is 1/4" thick. The drawer sides are dovetailed and glued. The drawer bottom is rabbeted into all four sides and glued into place.

Drawer Guides:

- Drawer guides are under mount full extension with soft close.

Doors and Drawers:

- Doors/ drawers are produced in various hard wood species and pine. Most door/drawer styles are solid wood but some will use other materials such as plywood or MDF to achieve the design style.
- Doors/drawers are finished to match the cabinet exterior.

Door Hinges:

- European self-closing 110 degree fully-concealed adjustable hinges.

Toe Kick:

- Base, Vanity and Tall cabinets includes 3/4" sub-toe kick doweled into the cabinet end panels.
- Toe kick covers are required.

Edge Band:

- Standard cabinetry with Stain, Paint and Glazed finishes feature coordinating PVC edge banding.

Home Care Kit:

- Kit includes a touch-up stain pen, a wax patchall pencil, and a half pint of stain or paint.
